The Secretary to Government,
Revenue Department,
Bangalore

Sir,

Subject - Budget Estimates- Bhadravati Town
Municipality- 1946-47

In forwarding herewith in original the draft Budget
Estimates of the Bhadravati Town Municipality for the year
1946-47, I have the honour to state as follows -

The Municipal Council has an investment of Rs. 2,296/-
in the Government savings bank. They have taken two kinds
of loans from Government, viz, Rs 25,000/- and Rs 10,000/-
for the Water Supply Scheme and for the acquisition of wet
lands as an Anti-Malaria measure, respectively.

From the abstract of estimates of Revenue and Ex-
penditure furnished by the Municipal President, it is seen
that the Municipal Council have proposed to start with an
opening balance of Rs. 19,464/- for the current year 46-47.
The Municipal Council expects an income of Rs. 1,62,688/-
and an expenditure of Rs. 1,58,635/- during the current year,
and therefore allow a closing balance Rs. 23,539/- at the end
of June 1947.

Receipts

1. Municipal Rates and Taxes -

Taxes on buildings and lands

Rs 7,000/- has been proposed under taxes on buildings
and lands for 46-47. This may kindly be retained, in view
of the fact that the revision of Assessment on buildings &
lands has to be taken up during the year.

2. Licenses Tax.-

2 Lighting Tax -

Based on the increased provision shown under taxes on Buildings and lands an enhanced provision of Rs 2,500/- is proposed under Lighting Tax. This may kindly be retained.

3 Conservancy Cesses

Under this head, a fresh provision of Rs 1,000/- has been proposed for 46-47. It is explained that the question of levying Sanitary Cess, is under the consideration of Government so far no action has been taken in this respect, by the Municipal Council. Hence the provision may kindly be deleted.

4 Shop Tax

With a view to improve the resources of the Municipality, the Municipal Council have proposed to levy shop tax as per the rates prescribed in Schedule VI of the Mysore Town Municipalities Act. This may kindly be retained.

5 C Revenue derived from Municipal Property

"1 Sale of lands"

Under the head, "Sale of lands" an enhanced provision, viz, Rs 25,000/- has been proposed for the current year. The question of acquiring certain lands to form a Colony and to dispose of sites therein to the Middle Class People, the Vokkalinger Residents, the Harijans etc, to build houses, has been taken up by the Municipal Council and suitable proposals in this respect have been submitted to Government for orders. It is likely that the Municipal Council will realise a decent amount by the disposal of the sites. In the circumstances ~~explained~~ explained above, the provision of Rs 25,000/- may kindly be retained.

Under the head D Grants and contributions, the sum of Rs 7,527/- has been proposed towards the following items -

2 F 2-Deposits The provision of Rs 5,000/- proposed under

proposed under deposits seem to be rather inflated. Satisfactory explanation has not been furnished by the Municipal President for the increased provision. It may therefore be reduced to Rs 1,000/- with the above modifications the totals under Public Debt would be Rs 52,750/- as detailed below, as against Rs 30,500/- proposed by the Municipal Council

It is seen therefore that the total expenditure is in excess of the normal income and the prescribed closing balance is maintained.

General

The Municipal Council and the President, should make every efforts to collect the heavy out-standings under House-tax and Miscellaneous Taxes and curtail expenditure of optional nature. The Municipal Council could try to tap additional sources of income to improve its financial condition. In view of the large number of works of public utility, it proposes to undertake. The draft Budget Estimates and the copy of the Resolution of the Municipal Council are forwarded herewith for favour of kind reference.

In the circumstances, I request that sanction of Government, may kindly be obtained to the Budget Estimates of the Endravati Town Municipality for the year 1946-47.

Sir,

Subject - Budget estimates for the year '1946-47

In enclosing herewith the draft Budget Estimates in duplicate together with the relevant statistics and an extract of the resolution of the Municipal Council in the above matter, I have the honour to state as follows -

The year has ~~xx~~ opened with an opening balance of Rs 19484/-

A gross receipt of Rs 1,62,688/- from all sources including Government grant ~~xx~~ and loan is expected during the year. The special features of the receipts during the year are (a) Government grant of Rs 51527/- which has been included in the receipt head in view of the execution in full of the drainage scheme for which the Government quota of 2/3 the cost of the scheme has been anticipated. A sum of Rs 25,000/- being loan prayed for by the Municipality being the municipal quota for the scheme has also been incorporated. Apart from these two items, a sum of Rs 12500/- being grants from the Government and the District Board for some very important and urgent needs of the Municipality have been provided and the Municipal Council has also made adequate provision for the works of improvement (Harijan uplift and construction of a Musafirkana), in the expenditure heads. The District Board has promised ~~x~~ a quota for the musafirkana during the year.

A sum of Rs 25,000/- has been taken as income from sale of sites. The Municipal Council have a large number of sites to be disposed of (in accordance with the plan approved by the Government and the Government Architect). This figure is a very modest estimate and the actuals are expected to exceed the figure.

Except the special provisions the rest are all normal figures. There is some increased provision in the "Taxes" head. These figures are based on the actuals of the ~~x~~ current year and expected increase in the budget year as the Municipal

Council proposes 'Revision of assessment' and introduction of "Octroi Toll" during the year

On the expenditure side a special provision equal to the total cost of the drainage scheme is made with a view not only to balance the receipt head but also as the Municipality desires very much that the entire scheme has to be executed in one stage during the year

Special items of ~~expenditure~~ ⁵⁰⁰⁰, improvement of Harijans, (5000) construction of a Musafirhana (7500), extending the Municipal Office building (5000), constructing a compound wall to the Shandy Maidan, ~~(5000)~~ (Rs 7500), have been provided as these works are all of very great urgency, and ~~have~~ have to be taken up during the year. These figures will also balance the receipt heads. An increased provision has also been made for repairs of drains and roads. It is very necessary to repair the drains already laid to prevent them from ruin. All the roads and particularly the earthen roads laid in the various extensions already formed have got to be metalled during the year and therefore the enhanced provision is an absolute necessity,

A sum of Rs 1000/- for Adult Literacy work, Rs 300/- for grants to Educational Institutions and some minor provisions for feeding the poor, the Baby Show, for grants to poor patients, for establishing grant in-aid Ayurvedic dispensary have been made during the year. All these provisions are essential. A slightly enhanced provision in establishment has also been made as it is very necessary to have a Typist. A special provision has been made for entertaining a special Sanitary Gang as it is absolutely necessary in the interest of Town's Sanitation and health. The total expenditure will be Rs 1,58,633/- leaving closing balance of Rs 23,539/-

The Budget at the outset looks rather very ambitious, but, every individual item has been thought over and worked out

In the interest of the very necessary improvement and development of the Town, I request you to kindly support the resolution of the Council and secure us very early sanction of the Government for the Budget in full
